80%+ of contacts verified, in every country we call

34 countries covered

6 languages spoken

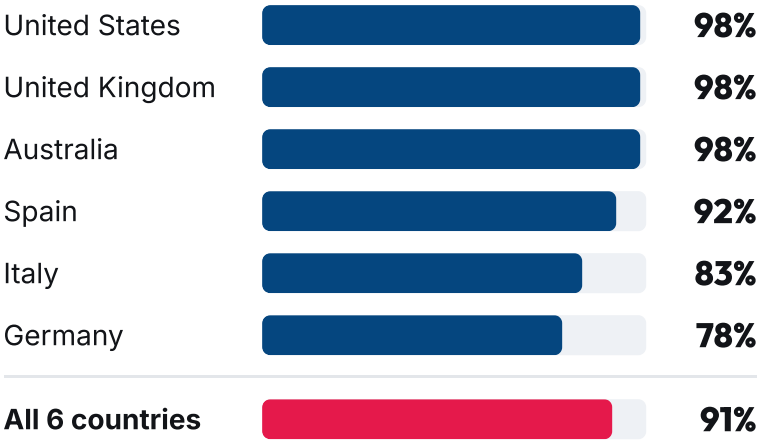
100% of calls recorded, so you can listen back

As simple as three steps

1. **Upload your list to the platform**
   Names, companies and phone numbers. That's all it needs.
2. **We make the calls**
   Our AI caller rings every company, politely, at the right local time.
3. **Get a clean list back**
   Who's still there, who has left, and up-to-date work emails.

Your calls get answered, in every country

Share of calls answered in a live campaign, November 2026: 317 contacts across 6 countries.



What a clean list gives you

Your team talks to real buyers
No more calling people who left a year ago.

Emails land instead of bouncing
Up-to-date work addresses protect your sender reputation.

Your budget goes further
Every campaign is spent on people who are really there.

You find the new decision maker
When someone has moved on, we ask who took over.

What you get back for every contact

- A clear yes or no: still there, or not
- Their confirmed job title and work email
- Who replaced them, if they have left
- A short note on what was said
- The call recording, if you want to listen

Why it works

- Sounds natural and stays polite
- Gets past the front desk to the right person
- Calls only during local business hours
- Tries again if nobody picks up
- Uses your caller name and your script

First month free

Black Friday offer

- 100k calling minutes free in your first month
- When you sign a contract. Offer ends 1 December 2026
